Thanks so much for this clarification, Marianne – super helpful. Thanks to everyone who provided input to the documents. I shared our comments on the action agenda with WHO first thing this morning, and I also submitted at OOB Geneva time our contributions announcement through the channels designated in the WHO's logistics email from earlier this week.

I am still waiting on an answer regarding how the contributions announcement segment will work – I will be in touch on that as soon as I have an answer for you.

Looking forward to seeing you out here, and have a great weekend.

Megan

And just an additional note for Megan – I don't think you need to or should wait for NSC review to discuss the suggested edits with WHO. Thanks!

Thank you, Kate. Fine to copy me and please include Peter Schmeissner (Peter.Schmeissner@hhs.gov) as well. Defer to Megan if she'd like to be included - but given the tight timeline it seems helpful.

Thanks again,
Maya

Thanks, Marianne. I'll plan to circulate to NSC tomorrow. I'll plan to copy you, Maya, and Megan unless you tell me otherwise. Should I include anyone else?

Thanks very much Maya. I have copied Kate on this version for circulation to NSC, and encourage Megan to use this version in discussions with WHO. We have done a little additional cleaning up of comment bubbles and the co-benefit paragraph where the multiple edits made it hard to read. This version still captures all the agencies' comments. Of course, let us know if we missed anything. I'll be in the office all day tomorrow.

Thanks very much everyone,

Marianne

Hi Marianne,

Ex. 5 Deliberative Process (DP)

Are you going to send this version to Kate so she can run the NSC review?

I'm adding Megan for her awareness.

Thanks,
Maya
